VIRTUAL ENGAGEMENT
Hosted by Eileen Soisson

In this session we will provide participants with tools and tips to keep their audience engaged while working virtually. That could mean staff engagement, client engagement and/or donor engagement. As we continue to embrace our new normal, we want to equip you with strategies to help you stay virtually engaged with various stakeholders.

Eileen began her career in the hospitality industry and worked with the American Hospitality Academy for over ten years before starting her own consulting business, The Meeting Institute, in 2004. Eileen most recently served as the executive director of Training, Development, and Science at Coastal Carolina University. She created the university's first service excellence program, Feel the Teal®, in 2012.

All sessions are FREE to attend and open to any nonprofit organization's employees, volunteers & Board Members.
